

2nd G-EVER International Symposium and the 1st IUGS & SCJ International Workshop on Natural Hazards

**Hazard and Risk Management in Asia-Pacific region:
Earthquake, Tsunami, Volcanic Eruption and Landslide
in Subduction Zones**

Program

October 19 (Sat)

9:30 **Opening addresses**

Eikichi Tsukuda* (Director General, GSJ, AIST, G-EVER Consortium President)

Roland Oberhaensli (IUGS President)

Ryo Matsumoto* (SCJ-IUGS Japanese Branch)

Adichat Surinkum (Director, CCOP Technical Secretariat)

9:55 **Session 1: Scientific challenges for risk reduction of natural disasters: Overview**

Chair: Ryo Matsumoto*, Yujiro Ogawa* and Shinji Takarada

12:45 **Poster Session Core Time, SCJ-IUGS Japanese Branch Meeting**

14:30 **Session 2: Volcanic activities, landslides and seismic hazards**

Chair: James Goff, Yasuto Kuwahara and Akira Takada

(Speakers from SCJ: Setsuya Nakada*, Masahiro Chigira*)

October 20 (Sun)

9:00 **Session 3: 2011 Tohoku-oki earthquake, seismic hazards and subduction tectonics**

Chair: John Eichelberger, Ronald Harris and Kazuhisa Goto

12:15 **Poster Session Core Time**

13:30 **Session 4: 2011 Tohoku-oki earthquake and tsunamis**

Chair: Pilar Villamor, Masahiro Chigira* and Yuzo Ishikawa

17:00 **General Discussion**

Chair: Chris Newhall, Yildirim Dilek, Yujiro Ogawa* and Shinji Takarada

18:25 **Closing Remarks**, Hirokazu Kato (Former Director General, GSJ, AIST)

(*: Member of Science Council of Japan)

Date: Oct. 19 (Sat) - 20 (Sun), 2013

**Venue: 6F, Sendai City Information & Industrial Plaza
Sendai, Tohoku, Japan**

Co-hosted by:

G-EVER Consortium

Geological Survey of Japan, National Institute of Advanced Industrial Science and Technology (AIST)

The International Union of Geological Sciences (IUGS)

Science Council of Japan (SCJ)

Jointly hosted by:

The Geological Society of Japan

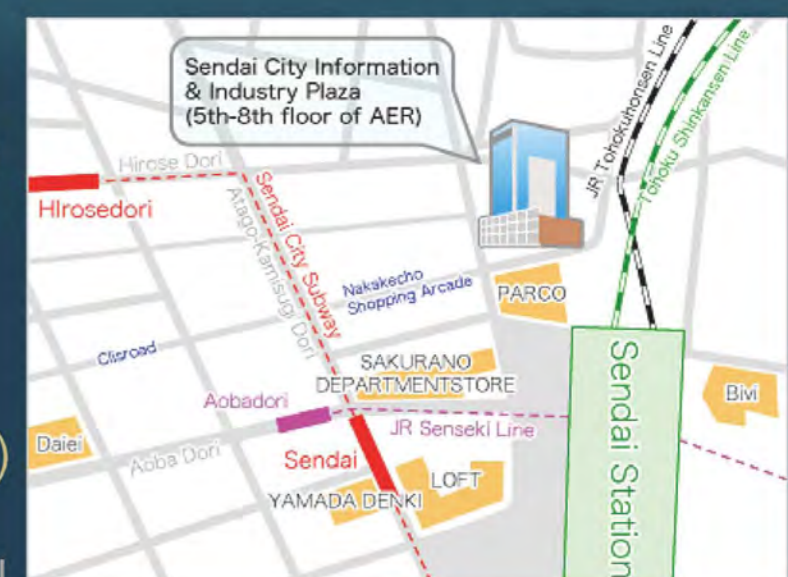

Coordinating Committee for Geoscience Programmes in East and Southeast Asia (CCOP)

Tohoku University, etc.
