Chairs: Koji Suzuki (JKiC, JSR/Keio University), Shingo Ichimura (Nagoya University)

Time	Title	Speaker	Affiliation
13:00-13:10	Opening Address	Koji Suzuki	Analytical Chemistry Subcommittee Chair, Science Council of Japan
Plenary Lectures			
13:10-13:40	Current Progress in Metabolomics	Tomoyoshi Soga	Professor, Institute for Advanced Biosciences (IAB), Keio University
13:40~14:10	Current Progress in Bioimaging	Atsushi Miyawaki	Vice Director, RIKEN Brain Science Institute
14:10-14:40	Current Progress in the Measurements for Aafety and Security	Yasuo Seto	Vice President, National Research Institute of Police Science
14:40-15:10	Analytical Industry in the Era of Open Innovation	Gon-emon Kurihara	President, Japan Analytical Instruments Manufacturers' Association
Activity report: JSPS Committees for Research Promotion on Specialized Areas			
15:30-15:45	Activity report 1: Toward Building Software Platform for Measurement and Analysis	Takuo Yasunaga	Professor, Kyushu Institute of Technology JSPS/ WG Manager
15:45-16:00	Activity report 2: Toward the Construction of Hardware Platform for Advanced Measurement and Analysis	Daisuke Fujita	Executive Vice President, NIMS JSPS/ WG Manager
16:00-16:15	Activity report 3: Toward building Solution Platform for Advanced Measurement and Analysis	Katsuaki Yanagiuchi	Leader of Products Characterization & Solution Unit TDK Corp., JSPS/ WG Manager
16:15-16:30	Activity report 4: Establishment of the Platform for Advanced Measurement and Analysis to Think from a Standardization Standingpoint.	Toshiyuki Fujimoto	Deputy Director General, National Metrology Institute of Japan, AIST, JSPS/WG Manager
16:30-17:00	Discussion	Chair: Shingo Ichimura	Professor, Nagoya University JSPS/ Chair of Committees for Research Promotion on Speci alized Areas; Science Council of Japan
