2021 Amendment of Disaster Countermeasure Basic Act: Individual Evacuation Plans Made Mandatory to Make Efforts

Overview of the Amendment of Disaster Countermeasure Basic Act

Purpose

To respond to the frequent occurrence of natural disasters, the following measures will be implemented to ensure smooth and timely evacuation in the event of a disaster, as well as to strengthen the system for implementing disaster response.

1. Amendment of Disaster Countermeasure Basic Act

1) Unify evacuation advisories and orders

Evacuation advisories and orders will be unified, evacuation orders will be issued from the previous advisory stage, and the entire evacuation information system will be revised to its most ideal state.
