

25th Science Council of Asia (SCA) Conference 2026

Sustainable Technologies and Digital Transformation for a Resilient Future

CALL FOR ABSTRACTS

Conference Date:
19–20 November 2026

Venue: Angkor Paradise Hotel, Siem Reap

Importance Date

Abstract Submission Deadline

7 August 2026

Notification of Acceptance

1 September 2026

Conference Dates

19–20 November 2026

Registration Fee (On-site Participation)

General **USD 100**

Student **USD 50**

Invited Speaker **Free**

Hosted By

Institute of Technology of Cambodia (ITC)

Theme 1: Sustainable Technologies, Smart Systems, and Environmental Resilience

- Renewable and Low-Carbon Energy Systems
- Smart Grids and Digital Energy Management
- Energy Policy, Efficiency, and Green Economy
- Green, Smart, and Functional Materials
- Digital Transformation and Industry 4.0
- Artificial Intelligence and Data-Driven Sustainability
- Intelligent Systems and Smart Mobility
- Digitalization in Construction and Infrastructure
- Environmental Monitoring, Smart Sensing, and Satellite Observation
- AI, Big Data, and Digital Tools for Climate and Air Quality Forecasting
- Cybersecurity and Ethical Digital Innovation

Theme 2: Resilient Futures, Inclusive Societies, and Climate Action.

- Sustainable Food Processing and Innovation
- Digital Agriculture and Food Security
- Nutrition, Food Safety, and Public Health
- Water Resource Sustainability and Climate Resilience
- Human Dimensions of Sustainability, Inclusion, Equity, and Gender
- Ethics and Governance of Emerging Technologies
- Climate Change Mitigation, Adaptation, and Community Resilience
- Health Impacts of Environmental Change and Air Pollution
- Policy, Education, and Community-Based Solutions for Resilient
