

INOUE Mari

mercari R4D, Manager

【Bio】

I graduated with a Master's degree from Keio University Graduate School of Science and Technology, and worked at the Japan Science and Technology Agency (JST), where I engaged in IT trend overview, strategy proposals, and support for research and development projects.

In October 2021, I Joined Mercari. Since then, I have been promoting joint research on Ethical, Legal, and Social Issues (ELSI) with Osaka University Research Center on ELSI. I have also been involved with R4D initiatives such as research strategy surveys, a PhD support program, and activities related to Mercari data provision.
